IX. PUBLIC COMMENT: Pat West- Wanted to know what was going on the WCCD agreement? Vaughn stated it is put to rest unless future supervisors bring it back. Bertha Martin – She was just wondering when the township supervisors are going to get around to fix that ½ piece of road that the Ritenours used for profit? Vaughn stated it is going to get fixed but the township is concentrating on roads that people live on. Right now it is not a high priority. Mary Hamill-What I am wanting to know about you want nothing to do with because no one lives on it all but up past Mike Paynes and the rest of the road that goes up the hill and up to Cecils Brinkers. Vaughn stated that the township will have that travelable before winter. Mary Hamill-Next Question this probably has nothing to do with the township but for the election I am judge of the elections and in the past we had our papers delivered but now this year they are saying we have to go pick them up at the warehouse. I asked them if we will get mileage and they answered no. We don’t even get paid minimum wage to work the poles. What is going on that they can’t deliver them? Vaughn stated there is not much the township can do but recommended to call into Mike Reeses office and inform of the situation. Joe Berginz-Just came to annoy Paul. Jim West-Wants to know if the township knows anything about the replacement of the bridge on Hamill School Road? Vaughn stated Paul did say but can’t remember the date. It is sometime next year. Rob Colt-Township roads are excellent through his property. Mary Hamill-Wanted to know why they blacktop that road but put mud on Wineland Road. Vaughn stated it was stone but looked like mud. Jim West stated for Mary to slow down.
