**IX. PUBLIC COMMENT:** 1. Carrie Moore 2. Alex Ashcroft- 3. Bertha Martin-Wanted to tell you the stone that you put on the road worked well, the hill stayed the only thing that washed was the ditch line. Snow grading from the winter made the road is 3 inches lower then the side of the road so the water has no where to go but down the road. Vaughn stated we did a lot of grading and Bertha said she was satisfied. Bertha also wondered what happened with the brush hog. That guy he didn't know how to run that machine and left it unfinished. Vaughn stated it was not him that they had to pull him off after two hours to go to another project. Paul stated they to pull him off to go to the tar and chip project and that he will be back. Bertha stated it was not that he didn't lower the brush hog on her side of the road and he should have not even attempted it. Vaughn again stated they had to pull him off and they will be back. Bertha stated well the machine sat there for three weeks. Paul said it did not. Vaughn said there is only four of us here with 60 miles of road. Bertha asked if the township would be back and Vaughn stated that they would be back. Vaughn stated that Ernie does a great job. 4.Cecelia Sisitki-Cecelia stated that the only thing with the tar and chip is that they tar and chipped over the manholes. Paul stated that they did not they covered them in gravel first. Cecelia said the roads look nice. Paul stated they also covered the water meters that were in the roadway also. Alex Ashcroft- Asked for special details on who was award the bid at the special meeting. Paul gave him a copy of the minutes.

Paul wanted to recognize on behalf of the board members to thank Emma. Emma wanted to read a letter that she wrote and sent out wanting to thank everyone and stated that she met a lot of nice people working for the township. She hopes she included everyone but knows she might have forgotten some.
